Summary

I'm a detail-oriented Frontend Developer with over 3 years of experience building responsive, user-friendly web applications. I have delivered efficient solutions using React.js, Redux, and modern UI libraries like Material UI and Ant Design. I'm skilled in integrating REST APIs and working with relational databases (MySQL) using advanced SQL queries and stored procedures. I recently completed an on-site role at Suryoday Small Finance Bank, where I led the frontend development for CRM and loan processing platforms. Currently, I am seeking new opportunities as an ****immediate joiner****, and I am open to both remote and on-site roles. I bring strong problem-solving abilities and thrive in cross-functional, client-facing teams.

Skills

- **Front-End Development:** HTML5, CSS3, Bootstrap, Material UI, ANT Design System
- **JavaScript:** ES6 Features, React.js, Redux
- **Back-End Basics:** Node.js
- **Databases:** MySQL, SQL, Stored Procedures
- **APIs:** RESTful API Integration
- **Debugging:** Chrome DevTools, Firefox DevTools

Experience

Front End Developer — Kanmotech Pvt. Ltd. (Onsite at Suryoday Small Finance Bank)

Full-time — Oct 2024 – June 2025 (Onsite Vendor Role)

- Contributed to key MSME and home loan application systems at Suryoday Small Finance Bank.
- Developed CRM UI and a credit dashboard enabling efficient loan approval and case management.
- Created SQL stored procedures to streamline backend processes and data flow.
- Built reusable React components and integrated REST APIs to improve frontend performance.
- Collaborated with cross-functional teams to deliver high-impact solutions in a regulated banking environment.

Key Projects:

- **Suryoday MSME Credit Platform:** Created CRM dashboards and backend efficiency logic using SQL.
- **Credit Approval Web Portal:** Developed UI for MSME loan workflows, reducing processing time.
- **Lead Generation Platform:** Implemented a React-based lead generation and automation system.
- **Home Loan Application:** Led frontend development for a fully responsive home loan portal.

Key Skills: React.js, Redux, Bootstrap, HTML5, CSS3, SQL, DBMS, Node.js

Front End Developer — Rirabh Consulting Services LLP

Full-time — May 2022 – Sep 2024 (2 years 5 months)

- Created dynamic and responsive websites using HTML, CSS, JavaScript, and React.js.
- Successfully delivered the official website for Rirabh and other major client projects.

- Delivered high-performance UI solutions and collaborated with backend teams on API integration.

- **CA Customer Relationship Management (CA CRM)**

- Built CRM components for customer data, dashboards, and reporting.
- Integrated REST APIs using Node.js and Express.js.
- Applied Redux and best practices for performance and UI responsiveness.

Technologies: ReactJS, Redux, Node.js, Express.js, MySQL, REST API, Bootstrap, Material UI

- **Official Web Application**

- Built and deployed RIRABH's official website using React.
- Used libraries like React Slick, Swipable, SweetAlert2, and React Helmet for SEO enhancements.

Technologies: ReactJS, Redux, MySQL, Bootstrap, Material UI, HTML5, CSS3
